This is in response to Paper received on 12 July 2004.

- I. Applicant amends claims 6 and 7 to the process claims being acknowledged.
- II. Applicant requests to review them on the merits. It is not and will not be done since a reviewing or considering on the merits of any claim has been closed on the record.
- III. There is no statement that the process claims 6-7 being met with the statement as set for on the record that "if they are properly... and (**a) depended on claim 8 or (**b) contained all of the limitations of claim 8 in accordance with the authority stated in *In re Ochiai*, 37 USPQ2d 1127 or *In re Brouwer*, 37 USPQ2d 1663 and MPEP 821.04". Accordingly, Paper filed on is not properly and fully responsive to the Office action mailed on 06 July 2004. It is wasted time and effort as suggested by the Office. Therefore, the Office has to allowed claim 8 on the record and cancel non-properly and -fully responsive process claims 6-7. It would give applicant one more chance to file a properly and fully responsive amendment as set forth on the record. But applicant is requested and required to make a statement that a newly amended claim meets all of the requirements of statement as set forth on the record in the Office action mailed on 06 July 2004 in order for the claim to be entered after an allowance.
- IV. The non-proper and -fully responsive process claims 6-7 have been canceled to put the instant application in a condition for an allowance.
